

Great summer holidays with Drivalia

Drivalia launches in France a car rental with valet service at stations and airports in cooperation with Ector

29 June 2023 – Drivalia, the rental, leasing and mobility company of the CA Auto Bank group, has signed a new partnership in France with Ector and its customers can benefit from a valet parking for all departing and arriving car rentals at airports and stations in France. This service is the ideal solution for those wishing to collect their rental car quickly. With the holidays just around the corner, stations and airports will be even busier and this option speeds up vehicle collection and allows you to make the most of your holiday.

Valet service: the easiest solution to enjoy your holiday without worries

From today, Drivalia customers in France will be able to rent a vehicle online and pick it up directly at the terminal or at the train station. There is no need to queue at the rental agency or go to a distant car park to collect the vehicle. Instead, the vehicle is brought directly to the customer by a valet service, depending on the time of arrival or departure. With this new service, Drivalia continues to develop its short-term rental

business. This offer represents a further advantage for its customers among the wide range of existing mobility solutions.

How does the Drivalia valet service work?

- Reserve a vehicle online at a Drivalia Mobility Store that has a valet service.
- An Ector consultant will contact you by phone to arrange a pick-up and drop-off time for your rental car
- A valet parking attendant follows your journey in real time and is waiting for you on arrival to hand over the keys to the vehicle
- You can enjoy your Drivalia car rental
- Return the vehicle to the drop-off point after a quick vehicle inspection with the valet.

The service is now available in 15 airports and stations in France:

- Paris, Roissy airport
- Paris, Orly airport
- Paris, Gare Montparnasse
- Paris, Gare du Nord
- Paris, Gare de L'Est
- Paris, Gare de Lyon
- Paris, Gare de Bercy
- Paris, Gare d'Austerlitz
- Marne la Vallée, Gare TGV
- Lyon, Gare Part Dieu
- Lyon, St Exupéry airport
- Bordeaux, Gare St Jean
- Bordeaux airport
- Nantes airport
- Nice airport

To take advantage of this service, simply book your vehicle online at drivalia.fr, on holiday booking sites or by phone and choose from the vehicles available, indicating the station or airport and the pick-up date:

- **Plug-in hybrid SUVs:** Jeep Compass 4xe, Peugeot 3008, DS 7 E-tense
- **Family cars:** Volkswagen Tiguan, Citroën C5 Aircross, Peugeot 2008
- **Comfortable compact cars:** Peugeot 308, DS4 E-tense, Volkswagen Golf
- **Minibus** for group holiday
- **Economical city cars:** Fiat 500 hybrid, Peugeot 208

Drivalia: mobility accessible to all without constraints

Thanks to a 100% digital experience, travellers can book and use a wide range of short-term rental vehicles with an unrivalled level of service accessibility. From the phone or computer, all services are available to meet their needs, with the same level of efficiency as a physical branch.

"Drivalia's ambition is to offer all-round mobility to all customers. We are working to meet all our customers' needs: more flexibility, more efficiency and more simplicity. Thanks to this new service at stations and airports, we are convinced that we can facilitate the journeys of those who are going on holiday. All the Drivalia teams are committed to providing added value to our customers" says **José Carreira, Director of Drivalia France.**

CA Auto Bank

CA Auto Bank is a universal bank, wholly owned by *Crédit Agricole Consumer Finance*, which operates as an independent and multi-brand player in the vehicle financing and leasing and in the mobility sector. CA Auto Bank provides a complete range of credit and rental solutions and insurance services. Loan, lease and rental and mobility financing products provided by CA Auto Bank are specifically designed for the sale networks, for private customers and corporate fleets. CA Auto Bank has a presence in 17 European countries (Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Norway, Netherlands, Poland, Portugal, Spain, Sweden, Switzerland and the United Kingdom) and in Morocco, directly or through branches, with a total of over 1,900 employees.

Through **Drivalia**, CA Auto Bank's rental and mobility company, the Bank provides a full range of mobility solutions, from electric car sharing to innovative car subscriptions and rental for all durations. Drivalia deals with mobility in all its facets, providing innovative mobility plans that combine flexibility, digital use, on-demand approach and sustainability. In June 2019, the company launched the Mobility Stores, physical outlets where customers can access all of the company's mobility services. With the opening of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Drivalia has become a key operator also in sustainable mobility. In fact, thanks to the over 1,600 charging stations installed in all the Stores, Drivalia has Italy's largest private electrified network. In 2023, the electrification project will continue also in the European countries in which Drivalia operates.

Ector

Ector is the French leader in station and airport parking. Ector offers a practical and flexible solution to reach major mobility centres, access to which is often a source of stress and high costs. Thanks to modern technology and a community of 300 parking attendants, Ector has already made life easier for more than 100,000 travellers, offering them a pleasant, simple and efficient human experience. With a presence in almost 30 sites in France and abroad, Ector has established itself as a unique alternative for access to stations and airports and aims to become the parking solution of choice for both private individuals and companies. In addition to the travel business, from 2021 Ector will also offer a car delivery and storage service for car and mobility professionals.
